CASE MANAGEMENT ORDER NO. 33 REGARDING STAY

Plaintiffs and Defendants have advised the Court that an agreement has been reached to establish a settlement program for the resolution of claims regarding injuries alleged to be caused by the use of Olmesartan Products (“Olmesartan Products Resolution Program”). Toward this end, the parties are working together to implement a settlement that, pursuant to that Program, will be open to certain plaintiffs who allege injuries in actions before this Court, as well as in other courts in the United States.

The parties, therefore, jointly seek to stay discovery in this matter and adjourn all deadlines in all cases in this proceeding until further notice, other than as set forth in the Case Management Order Regarding *Prima Facie* Evidence of Usage, Injury and Causation Requirements Pending Cases Not Participating in the Olmesartan Products Resolution Program, to allow the parties to proceed with the Olmesartan Products Resolution Program, and to allow the parties to avoid incurring the costs of further proceedings that may be unnecessary as cases are resolved.

IT IS HEREBY ORDERED that discovery in this matter is stayed, and all deadlines are adjourned in the above-captioned cases.

THUS DONE AND SIGNED in Camden, New Jersey, this 1st day of August, 2017.

 HONORABLE ROBERT B. KUGLER
 UNITED STATES DISTRICT COURT
