DANIEL ANDERL LOVE IS LIGHT

Danny's Pantry honors Judge Salas's son Daniel Anderl on the fourth anniversary of his tragic death. To transform sorrow into positivity, the District Court has established this pantry to assist people in need who come through our court doors, including those working with Pretrial Services, Probation and the Reentry Program. The pantry alleviates the burdens faced by poverty-stricken families and individuals. In a time of much controversy and strife, it has brought Daniel's parents great joy to know that our Court is doing its part to spread light and love to the community it serves.
