

IN THE UNITED STATES DISTRICT COURT  
FOR THE DISTRICT OF NEW JERSEY

---

IN RE:

HURRICANE SANDY FEMA  
DIRECT FLOOD LITIGATION

---

**Master Docket**

1:15-mc-700 (JBS)

**ORDER EXTENDING  
TEMPORARY STAY**

This matter comes before the Court upon application of the United States Attorney for the District of New Jersey, and upon recommendation of the Court's Hurricane Sandy Litigation Committee.

It appearing that there is good cause to extend the Temporary Stay, entered herein on July 9, 2015 [Docket Item 13] for the purpose of enabling the continuation of intensive negotiation and settlement efforts in Sandy flood cases in this Court in which FEMA is a direct defendant; and

It further appearing that enlarging the temporary stay of such cases pending settlement efforts is warranted to conserve time and resources of the litigants, the Court, the arbitrators and mediators; and

Consistent with Standing Order 14-2 ("In Re: Hurricane Sandy Cases") dated March 24, 2014; and for good cause;

IT IS on this 18th day of **September, 2015** hereby

**ORDERED:**

1. That further litigation of all FEMA Direct Cases is hereby **TEMPORARILY STAYED** for sixty (60) days through November 12, 2015 and until further Order of this Court;

2. That all scheduled conferences, hearings, arbitrations, mediations, and trials in FEMA Direct Cases are hereby cancelled and postponed pending this Temporary Stay;

3. That any party seeking relief from this Temporary Stay may apply to the assigned judge in the individual FEMA Direct Case and show good cause;

4. That nothing herein precludes a party from requesting or furnishing documents or other evidence in aid of settlement negotiation and consummation;

5. That upon reaching a settlement, counsel shall report same by filing a notice of settlement upon the docket of the individual case, requesting entry of an Order closing that docket under L. Civ. R. 41.1(b); and

6. That the United States Attorney's Office is requested to continue to file a summary report of settlement efforts and results in FEMA Direct Cases every fourteen (14) days, the next report being due September 25, 2015.
