- Built-in reporting for budgeting and analysis.

Browser Compatibility

CJA eVoucher is compatible with the following browsers:

- Edge 16
- Firefox 57
- Chrome 62
- Safari 10.1

Accessing the CJA eVoucher Program

Starting with version 6.10, you are required to use Login.gov to securely sign in to the eVoucher application. You must create a Login.gov account or use an existing Login.gov account and have a Single Login Profile (SLP) to access eVoucher.

Note: Login.gov is a separate application from eVoucher. If you run into any issues, you must contact Login.gov support via their Help center page at <https://www.login.gov/contact> or call their 24-hour help line at (844) 875-6446.

Follow the instructions in the next section to create your Login.gov account. Click the following links for additional information about Login.gov and helpful tips for creating your account.

Creating a Login.gov Account

Step 1

On the eVoucher sign-in page, click **Sign in with LOGIN.GOV**.

UNITED STATES COURTS CJA eVoucher - Texas Eastern District Court
Release 6.10.0.0

We've changed how you will sign in to eVoucher!
We now require users to sign in with a Login.gov account. After linking your Login.gov account with your eVoucher account, you will use Login.gov for all future sign-ins.

Sign in with LOGIN.GOV

Need to create a Login.gov account?
Use the Sign in button above and then use the "Create an account" button below the sign in fields.
[Learn about our new sign in process.](#)

Notice: This is a restricted government system for official judiciary business only. All activities on this system for any purpose, and all access attempts, may be recorded and monitored or reviewed by persons authorized by the federal judiciary for improper use, protection of system security, performance of maintenance, and appropriate management by the judiciary of its systems. By using this system or any connected system, users expressly consent to system monitoring and to official access to data reviewed and created by them on the system. Any evidence of unlawful activity, including unauthorized access attempts, may be reported to law enforcement officials.

Step 2

On the Login.gov page, click **Create an account**.

Step 3

Enter your email address, and select your email language preference. Click the **Rules of Use** link, read the Login.gov Rules of Use, and then select the **I read and accept the Login.gov Rules of Use** check box. Then click **Submit**.

Note: Login.gov recommends that you enter a personal email address that you can always access, not a work email address.

Step 4

You will receive an email message at the email address you entered in step 3. In the email message, click **Confirm email address**, and then continue creating your account.

Step 5

Next, create a password. It must contain 12 or more characters and cannot include commonly used words or phrases. In the **Password** and **Confirm password** fields, enter and confirm your password, and then click **Continue**.

You have confirmed your email address

Your password must be 12 characters or longer. Don't use common phrases or repeated characters, like abc or 111.

Your Login.gov account is now created and you are directed to add an authentication method. Continue to the next section and follow the instructions to complete this requirement.

Note: Once your Login.gov setup is complete, you will **ONLY** use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them.

Adding an Authentication Method

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include security keys, government employee IDs, authentication applications, text or voice messages, or backup codes.

Authentication method setup

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

- ☐ **Authentication application**
Download or use an authentication app of your choice to generate secure codes.
- ☒ **Text or voice message**
Receive a secure code by (SMS) text or phone call.
- ☐ **Backup codes**
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.
- ☐ **Security key**
A physical device, often shaped like a USB drive, that you plug in to your device.
- ☐ **Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.

Continue

Note: Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access. For these instructions, the **Text or voice message** option is selected.

Step 2

To authenticate by text or voice message, in the **Phone number** field, enter your phone number to receive a one-time code by text message or phone call, and then click **Send code**.

Add a phone number

We'll send you a one-time code each time you sign in.

Message and data rates may apply. Do not use web-based (VOIP) phone services or premium rate (toll) phone numbers.

Step 4

Once your code has been successfully authenticated, you are prompted to add another authentication method (recommended). Click **Add another method** and follow the previous steps to create a second authentication method.

Note: It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

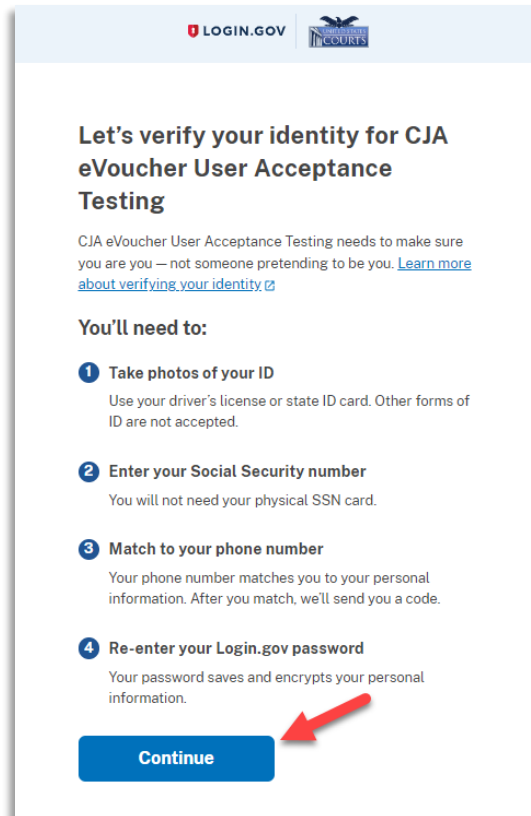

Identity Verification

To access eVoucher, you must verify your identity by uploading an acceptable form of identification (driver's license or state ID). This added security measure is to ensure that you are you and not someone pretending to be you.

Note: This is a one-time identity verification; if you have previously proven your identity through Login.gov, you are not required to do this again.

Step 1

If you've previously created a Login.gov account, you will be asked to verify your identity after signing in to Login.gov from the eVoucher sign-in page. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

The screenshot shows a web page for identity verification. At the top, there are logos for LOGIN.GOV and the United States District Court for the District of New Jersey. The main heading is "Let's verify your identity for CJA eVoucher User Acceptance Testing". Below this, a paragraph explains the purpose of the verification. A list of four steps is provided, each with a numbered icon and a brief description. A red arrow points to a blue "Continue" button at the bottom of the list.

Let's verify your identity for CJA eVoucher User Acceptance Testing

You'll need to:

- 1 Take photos of your ID**
Use your driver's license or state ID card. Other forms of ID are not accepted.
- 2 Enter your Social Security number**
You will not need your physical SSN card.
- 3 Match to your phone number**
Your phone number matches you to your personal information. After you match, we'll send you a code.
- 4 Re-enter your Login.gov password**
Your password saves and encrypts your personal information.

Continue

Step 2

To continue, select the check box allowing Login.gov to ask for, use, keep, and share your personal information to verify your identity, and click **Continue**.

The screenshot shows the 'How verifying your identity works' screen. At the top, a progress bar indicates the steps: Getting started (active), Verify your ID, Verify your information, Verify phone or address, and Secure your account. The main heading is 'How verifying your identity works'. Below it, a subheading 'Verify your identity' explains that personal information will be used to verify identity against public records. Another subheading 'Secure your account' explains that the account will be encrypted with the user's password. A red box highlights a checkbox that is checked, with the text: 'By checking this box, you are letting Login.gov ask for, use, keep, and share your personal information. We will use it to verify your identity.' Below this is a link: 'Learn more about our privacy and security measures'. At the bottom is a blue 'Continue' button, with a red arrow pointing to it from the right.

Step 3

Choose an option for adding your identification information. One option is to upload photos of your ID from your phone, and the other option is to upload them directly from your computer.

The screenshot shows the 'How would you like to add your ID?' screen. At the top, the Login.gov logo and the 'Secure' logo are visible. A progress bar indicates the steps: Getting started, Verify your ID (active), Verify your information, Verify phone or address, and Secure your account. The main heading is 'How would you like to add your ID?'. Below it, a subheading 'We'll collect information about you by reading your state-issued ID.' is present. There are two options: 'Recommended' (with a blue circle icon) and 'Use your phone to take photos'. The 'Recommended' option is selected. Below this, a subheading 'Use your phone to take photos' explains that the user won't have to sign in again and will switch back to the computer after taking photos. It also states that the mobile phone must have a camera and a web browser. Below this is a 'Phone number' field with a dropdown menu showing 'US'. Below the phone number field is a blue 'Send link' button. Below this is a subheading 'Continue on this computer' with a laptop icon. Below this, a subheading 'Don't have a phone? Upload photos of your ID from this computer.' is present. Below this is a blue 'Upload photos' button. At the bottom left is a 'Cancel' link.

Option 1: Upload photos from phone (recommended)

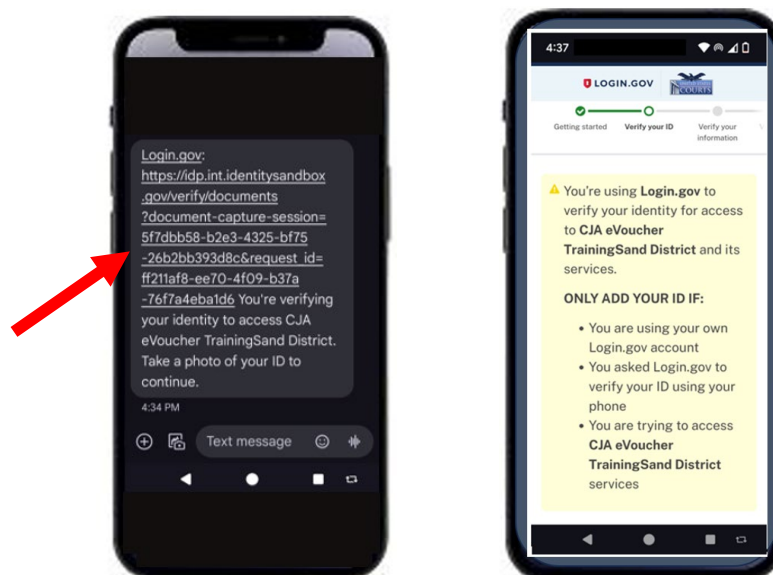

Option 1

1. Click **Send link**. A message appears, prompting you to check your device for a text message with instructions for taking a photo of your ID to verify your identity.

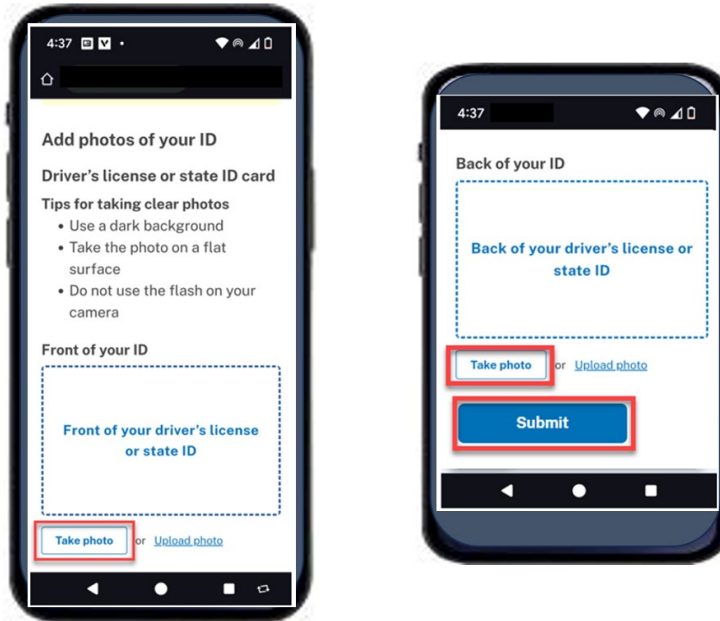

The left screenshot shows a progress bar at the top with five steps: 'Getting started' (checked), 'Verify your ID' (active), 'Verify your information', 'Verify phone or address', and 'Secure your account'. Below the progress bar, the heading is 'How would you like to add your ID?'. A subtext says 'We'll collect information about you by reading your state-issued ID.' There is a 'Recommended' badge next to a phone icon and the text 'Use your phone to take photos'. Below this, it says 'You won't have to sign in again, and you'll switch back to this computer after you take photos. Your mobile phone must have a camera and a web browser.' A 'Phone number' field contains '(210) 555-5555'. A blue 'Send link' button is at the bottom, highlighted with a red box.

The right screenshot shows the same progress bar. A yellow warning box at the top says 'Do not close this window. The next step will load automatically.' Below this, the heading is 'We sent a message to your phone'. A phone icon is shown next to the text 'You entered: +1 210-555-5555'. Below that, it says 'Please check your phone and follow instructions to take a photo of your state-issued ID.'

2. Tap the link in the text message. A message appears, confirming that you are attempting to verify your identity to access eVoucher. Scroll down for additional instructions.

3. Tap **Take photo** to switch your phone to the camera function. Take a photo of the front of your ID card. Scroll down and tap **Take photo** again to take a photo of the back of the card. Verify that each image appears in the appropriate box, and then, tap **Submit**.

4. Login.gov verifies your identity from your photos, and prompts you to switch back to your computer to complete the process.

Continue to Step 4 to complete the identity verification process.

Option 2: Upload photos from your computer

Option 2

1. Click **Upload photos** to upload photos of your ID from your computer.

2. You can either drag photos of the front and back of your ID from your computer and drop them in the appropriate boxes, or click the **choose from folder** link to browse for and select the photos to add. Once the photos are uploaded, click **Submit**.

Step 3

If you do this, your court then sends you an email message with a link that you can click to automatically connect your two accounts.

Dear David D Expert,

District of Texas Western sent this link for you to connect your eVoucher Single Login Profile with Login.gov. In order to confirm this, you must click the link below to create or use an existing Login.gov account.

PLEASE NOTE:
If you already have a different eVoucher Single Login Profile using a different email address that you would prefer be linked to this court instead, OR this email is in error and you should not be linked to this court, please contact lisa_ornelas@ao.uscourts.gov to reach the CJA eVoucher help desk.

Click [here](#) to connect this eVoucher Single Login Profile to Login.gov. Once connected, you will use Login.gov to sign into eVoucher.

Regards,
District of Texas Western

Step 4

If your Login.gov account is successfully linked to your eVoucher account, a success message appears at the top of your eVoucher home page. Continue to use eVoucher normally.

The screenshot shows the CJA eVoucher - Texas Western District Court home page. The header includes the text "An official website of the United States government" and "CJA eVoucher - Texas Western District Court SDO Training Sandbox - Release 6.10.0.0". The user is logged in as "David Expert (Expert)". A success message at the top states: "You have successfully connected your eVoucher account to your Login.gov account, which you will use to sign in to eVoucher from now on." Below this, there are two main sections: "My Active Documents" and "My Proposed Assignments".

Case	Defendant	Type	Status	Date Entered
1:21-cr-11294-MJ	Pete Robbins (1/210)	CJA-20	Voucher Entry	09/01/2021

You have now linked your eVoucher account with your Login.gov account. For all future use, sign in to Login.gov to access eVoucher.

Vendor Manager System (VMS)

Beginning with release 6.11, you must create an account in the Vendor Manager System (VMS) to manage your payment account information, including electronic file transfer (EFT) payments for your services. This VMS account must be created and linked to your eVoucher account before you can submit a voucher for payment.

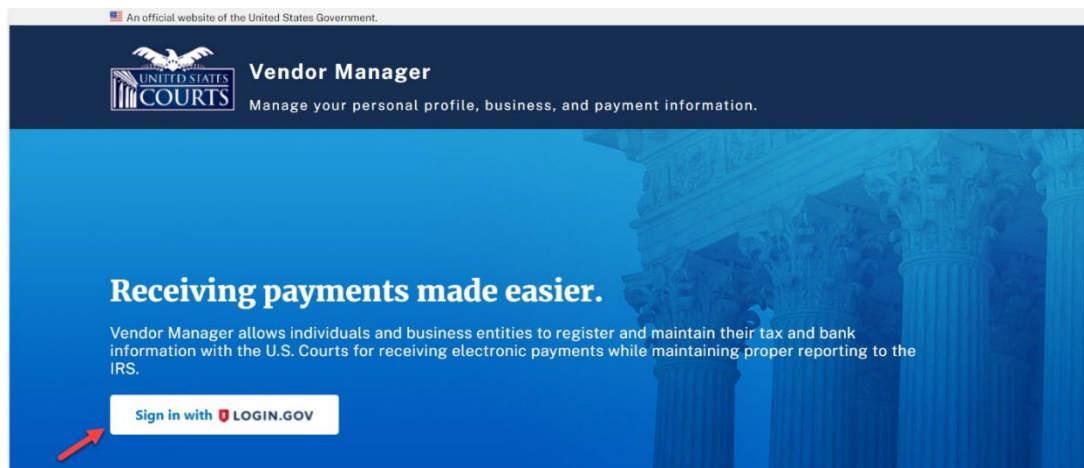

Step 1

A banner directing you to complete your vendor information in VMS displays on every page in eVoucher until you set up at least one payment account in VMS. Click the **Sign in to Vendor Manager** link to access VMS.

Step 2

On the VMS landing page, click **Sign in with LOGIN.GOV** to begin creating your account.

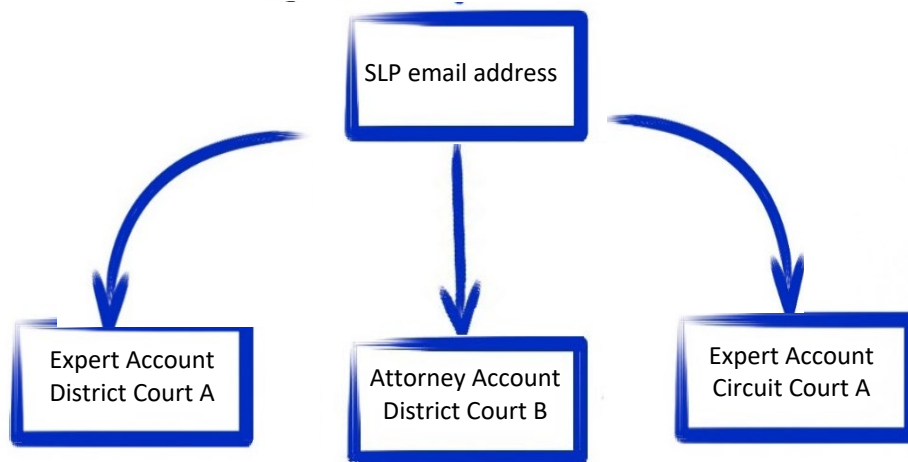

Step 3

Review the VMS job aids for all the information necessary to create your VMS account.

Single Login Profile (SLP)

An SLP allows you to link to your other court accounts and switch from one account to another from within the eVoucher application without needing to sign out. It is set up by court staff when your court profile is initially created in eVoucher.

Single Login Profile vs. Court Profile

Below are tips on how to identify which court account you are in and who you are within that court.

1. **Court account** – This is the court account you selected from the **Accounts** menu, showing the account to which you are signed in.
2. **Single Login Profile (SLP)** – This profile is attached to a person. It connects multiple eVoucher accounts a user may have.
3. **Profile icon** – You can access your Single Login Profile (SLP) or court profile, or sign out from here. You can also access these options from the **Help** menu.
4. **Court account username** – This displays the court user you are signed in as, and your full name and user role as they appear for that court profile.
5. **Accounts menu** – From this menu, you can access all of the court accounts to which you are linked.

Court Profile

If given access by your court, you can make changes to your eVoucher account information. On the home page, point to your profile icon, and then click **Court Profile**.

On the Court Profile page, you can:

- Edit contact information, phone, email, and/or physical address.
- Update the Social Security number (SSN) or employee identification number (EIN).
Copies of a W-9 must be provided to the court, and any changes to the SSN after the first logon must be made through the court.
- Enter expert specialties.
- Document any continuing legal education (CLE) attendance.

Click **Edit**, **Select**, **Add**, or **View** to the right of each section to expand the section and edit any information. Review your court profile and add any missing information as needed.

You, or the attorney for whom you are providing services, must choose the billing information you wish to use when creating vouchers or authorizations, if you have asked the Court to add additional billing records. **Also, remember to add new or additional billing records if your billing information changes, and submit a new W-9 to the Court.**

Payments cannot be made if the Social Security number or EIN is missing from your profile. This is a requirement of the payment system with which eVoucher is interfacing.

Validations have been added to billing information to ensure the data is in the proper format to be sent to the payment system. If the data is not in the proper format, payments cannot be made. The system alerts you if there are problems with your billing information data. You will need to fix those problems before payments can be made. We ask that you access your profile and verify your Social Security number, add your Social Security number if it is not there (unless you are acting only as an associate on the system) and verify your billing information. Please do this as soon as possible so there is no interruption in your payments.

If you have a Single Login Profile (SLP) that is linked to more than one court, changes made to the Billing Info section of your court profile will not be applied to any of your other linked accounts with the same SSN/EIN. This information displays at the top of your Court Profile page and describes the action necessary to apply changes to any of your other linked accounts:

Court Profile

! Changes made to the **Billing Info** section of this court profile will **NOT** be applied to any other linked accounts with the same SSN/EIN. Use the Accounts menu to switch to other linked accounts and make changes to each court profile **Billing Info** section separately.

Expert Specialties

The **Expert Specialties** section lists any specialties for which you are approved for eVoucher billing. If you are selected from the approved experts list, when vouchers or authorizations for service providers are created in eVoucher, the selection of your specialty populates your name and billing information (with Social Security number/EIN masked). That specialty is also checked on any of the CJA forms (CJA-21, CJA-24, or CJA-31) created in eVoucher.

Note: Changes made in this section are not applied to any of your other linked accounts. This information is noted at the top of your Court Profile page.

Expert vs. Expert Enter

CJA eVoucher allows two designations for experts to complete the voucher: **Expert** and **Expert Enter**. When the service provider signs in, he or she will see a list of all of his or her documents on the home page. The **Expert** role allows the service provider to sign in to eVoucher, view any documents the attorney is creating on his or her behalf, verify the information is correct, and run reports or copies of the CJA-21 or CJA-31.

The **Expert Enter** role allows the expert to complete his or her voucher after the attorney has created it. If the attorney selects an expert who has these privileges, he or she is able to choose if the attorney or the expert will complete the voucher. The expert can then enter the correct information and submit the voucher back to the attorney for approval.

CJA-21/31 Entry

The attorney creates the CJA-21 or CJA-31 voucher. If you have **Expert Enter** rights, the attorney can choose to let you enter the services and expenses. You will receive an email informing you that a voucher has been created on your behalf and that you can enter your information on the voucher.
