

CLE Accredited Law Firm Training via WebEx

Would you like a training session tailored specifically for your law firm? The U.S. District Court for the District Of New Jersey is pleased to announce that commencing February 2014, the Court will offer CLE accredited CM/ECF training webinars for interested firms.

For the Court to provide this webinar, there must be at least 15 participants consisting of Attorneys and/or Support Staff. The Court also requires that the requesting firm have a teleconference unit, PC with internet access to connect to the WebEx Session, and an onsite facilitator to assist with questions and attendance taking (NJ CLE Board requirement). If your law firm is interested in a CM/ECF training webinar and all the above requirements are met, please contact Alain Senatus at 609-989-2394. Email: Alain_senatus@njd.uscourts.gov.
